Investment objective

The investment objective of the Infrastructure investment group is to build a well-diversified portfolio of Core, Core+ and Value-Add infrastructure investments. The aim is to generate stable returns and long-term cash flows in the

transportation, energy/renewable energy, communication, utilities and social infrastructure sectors. The investment group focuses on OECD countries with an emphasis on Europe, North America and Canada.

Manager's report

Review

The net asset value (NAV) of Swiss Life Infrastructure Global ESG (CHF hedged) as at 31 December 2023 amounted to CHF 163 909 651.79 (CHF 112.01 per entitlement (standard tranche)/CHF 112.70 per entitlement (PM tranche)).

Looking at the NAV of the investment group in Q4 compared to the price in Q3 2023 of CHF 111.47 per entitlement (standard tranche)/CHF 112.09 per entitlement (PM tranche), the NAV shows a positive development of +0.48% (standard tranche)/+0.54% (PM tranche).

TER		
Total expense ratio TER KGAST 30.09.2023 ¹	1.90% (ex-ante)	2.12% (ex-post)
Total expense ratio indicative TER ²	approx. 1.29%	

¹ TER will be calculated once a year for the financial year-end at 30.09

² The indicative TER for an investment via the standard tranche comprises both estimated costs of the investment group and TER estimates of the target funds without any performance fees at target fund level on a smoothed basis over an investment period of 25 years. The range is based on a model calculation in line with the provisional composition of the initial portfolio, assuming different average volumes and taking into account the use of lower-cost unit classes at target fund level with a higher volume of the investment group. During the build-up phase, the effective TER may be higher.

Deal activity and outlook

The Infrastructure Global ESG (CHF hedged) investment group placed another approx. CHF 24 million in the Infrastructure Global ESG (EUR) investment group in Q4 2023. These were capital calls from the target funds in the core infrastructure and renewable energy sectors. With Equans, the eighth direct co-investment was successfully added to the

portfolio. Equans operates in the district heating sector in the UK. Furthermore, a capital commitment of EUR 25m was placed to a German transition system operator. The investment is planned for Q1 2024. This will result in the next capital call in Q1 2024.

It does not in any way guarantee future performance or capital. The performance takes into account all commissions and costs incurred at fund level (e.g. management fee). The performance does not include costs incurred at customer level (issue and redemption costs and fees, custody fees etc.). Information which includes historical information, data or analyses concerning the future development of ESG aspects should not be construed as statements or guarantees of future developments, analyses, forecasts or predictions. Past information about ESG aspects is not a guarantee for future results or the future development of any ESG aspects. This is in no way a guarantee for further positive development of ESG aspects. Both Swiss Life Ltd and the other members of the Swiss Life Group are entitled to positions in this fund and to purchase and/or sell them. Swiss Life Asset Managers' funds may not be offered for sale or sold in the US or on behalf of US citizens or US persons residing in the US. "Swiss Life Asset Managers" is the brand name for the asset management activities of the Swiss Life Group.
